YOU
OHP

THANKS

A huge thank you to everyone who has made this album possible. To all of the OHP family for your commitment to worship, community & creativity, Ashburnham Place for hosting our songwriting retreats, Wilma & John Aston for allowing us to crash at your house so regularly, Jonny Bird for your time and expertise mastering this record, all those at Sentric Music and anyone who has championed and supported One Hope Project - you know who you are - we are indebted to you for your love and prayers. Mostly, of course, how can we express our thanks to our Lord, King Jesus? This is all about You, God. We pray this brings You glory and honour.

FOR LOVE

Healer of the hurting
Anchor in the storms
(You are) Saviour through the struggle
Friend forevermore

Hope for the hopeless
Fortress for the weak
(You are) brother in the battle
A lion when I can't speak

You are
The Almighty One
You sent Your Only Son
All for love
Never-ending God
You came down to rescue me
You break through to set me free
All for love
All for love

All for love
All for love
You came down
All for love

EVERYTHING

Where would we be without You God?
You are everything
I look to You
Because You are everything
Oh, my everything

BETTER IN HIS PRESENCE

Better than
A thousand days
That I could spend
Away from You
Is just one day
In heaven's hold
Where mercy reigns
And I'm made new

I'm stepping forward
Into Your arms
Into Your arms
I'm stepping forward
Into Your arms

Here in Your courts
That's where I want to be
My thankful heart will
Forever sing
The praise of Your name
Of Jesus, the King
Today I can say
I rejoice in all things

How joyful is the Father's house?
This awesome light
Outrageous grace
My soul longs
My heart cries out
To be right here
For all my days

It's better in His presence
That's where I want to be
We are free to enter
Because of Calvary
It's better in His presence
That's where I want to be
I have met the Father
His love has set me free

AWAKE MY SOUL

There's a song inside of us
A song of beauty and of truth
That fear has sometimes stolen
That fear has sometimes stolen

There's a voice inside of us
A voice of creativity
Which judgement tries to silence
Which judgement tries to silence

But now I'll rise
Pouring out my song of love
Here at Your feet
No more fear!
I'm gonna take my place
In heaven's symphony

Awake my soul!
To sing the song
The song of hope
Step into freedom

There's a fire inside of us
A fire that burns within our hearts
That darkness cannot dampen
That darkness cannot dampen

There's a strength inside of us
A strength that tells us that our
Praise is counted and accepted
I'm counted and accepted

I was created
As a voice not an echo
So I'll sing
So I'll sing

THIS HOPE WILL NOT LET US DOWN

Surrounded on all sides
Chaos all around
Left with a crowded mind
Lost in all the sound

But I'll hold on to You my God
Eyes fixed upon Your love
Shaken, I won't give up
This hope will not let us down
Glimpses of who You are
Break through into my heart
Restless, You are the calm

This hope will not let us down
Oh-oh-oh-oh

Tempted by the lies
That come from the enemy
Patient through the trial
Trusting You're there with me

And I'll hold on to You my God
Confident in Your love
Anchored, I won't give up
This hope will not let us down
Reaching for solid ground
Knowing I need you now
Your promises to be found
This hope will not let us down

Defender
Protector
Deliverer
You never fail

BIRDSONG YOU

My bones are weary and my worries cumbersome
So I'll slumber some until I come undone
And let go, rest and let You carry me.
So please just oversee from head to toe of me
Until I fall asleep and walk eternally, daydream
Recurrently of all You've done for me, won for me,
Sung to me.
Drum the beat.
Rhythmically on streets You paved for me,
Paid for me
Gracefully out of slavery, set me free
So I'll live gratefully.
Bravery flows through
And with the brain in me transplant the truth
Into the heart of me with Your peace.
Father please don't just be a piece
But every part of me, never far from me.
Your word is the key, the lock and
The chains not of bondage but security,
Beautifully
Made with intricacy,
Released by intimacy,
Framed by infinity in meadows green and
Flowing streams where starlight gleams,
O, I could weep for joy for there's a seat
At the feast called home
Where we shall meet. Even the one lost sheep
You will not leave, 'til then my all will seek
To chase the call You keep,
Repeat the love You teach,
Defend the out of reach,
Proclaim with all my speech and with
Integrity that You are mightily,
Worthily to be
The very breath I breathe;
It's You
The King of all of me.

WHO IS AGAINST ME?

The night is passed
I'm stepping into morning
A new day from You
I'm alive
Your spirit lives inside me
There is nothing I can't do

Since You're with me
Since You're with me
I can never be alone

Since You're for me
Since You're for me
Who is against me?

You chose me
And showed me how life could be
You love me
And it's Your love that sets me free
You know me
And all the worries I see
(But) since You are for me
Who is against me?

Along the way
I will be reminded
Your promise is true
That every day
You're walking right beside me
In everything that I will do

When fear comes around me
(Your love is what I need)
You break through and hold me
(Your heart is what I feel)
When doubt is consuming
(Your hope is what I need
Your truth is what I breathe)

THE QUIET PLACE

As we wait for You
Heaven comes to us
Mountains will be moved
When we rest, when we rest

Here with You I'll stay
I'll follow and I'll trust
That battles will be won
In Your name, Jesus

In the quiet place
We begin to see
All our prayers and dreams
Become reality
In confidence, we bring
Our world before the King
In the quiet place

Let Your kingdom come
Let Your will be done
Here on earth
As it is in Heaven

ECHOES

Day gives to day
Night learns from night
Over the skies
His love flows
No speech, no word
No sound is heard
Yet the call goes out through all the earth
It echoes

Goodness and grace
A precious embrace
Reviving my soul
His love shows
Sweeter than wine
Your presence divine
Reaching out through all the world

It echoes on and on
The sound of heaven's song
Resting over us
The glory of our God

Your word alone
Brighter than gold
Shines like the sun
It's rising
Light in the dark
Joy for the heart
A lasting love that never fades

RESONANTIA

GOOD WORK IN ME

Everything I have within
And all that is before me
Meet me in this broken place
Transform it for Your glory

I lay this life down
Fall into You now
A sacrifice of praise
Surrendered to You
My loving Saviour
I trust in Your great name

You will meet me in my hurting, Jesus
You are all I need
Your love will satisfy
I trust the plans You have for me
I will stand upon the promise
You have not forsaken me
You walk beside me in the waiting
You are doing a good work in me

Now when I'm faced with trials
I'll choose Your joy each morning
I trust You though I'm terrified
So use me for Your glory

You are a God of transformation
Your presence carries restoration
You deserve my praise
There's power in Your name

COME CLOSE

Come close
My heart is ready
Come close
My heart is here
Draw near
I'm longing for You
Draw near
My love

All I've ever wanted
All I've ever wanted
All I've ever wanted
Is found in You

This moment is ours
I won't rush away
Jesus

ROMANS 5:8

It's the blood of the Lamb
With power to save

None too lost
None too broken
None too distant
To be healed by the blood

ONE

Just before You gave Your life
You had a simple prayer
That we would all be one
That we would all be there

In the glory of Your love
Together in Your sight
As we walk in different ways
But walk towards the light

One body, united
Your Church undivided
This plan was Your first design
A new day is dawning
Your kingdom, we want it
The future we're longing for

This is our cry, this is our song
That we would be one like You
Father, Spirit, Son
(We) join with Your prayer, the prayer of Your heart
That we would be one like You
Father, Spirit, Son

In the distance we can hear
The sound of bells ring out
When all will be Your bride
And heaven's angels shout

And so we'll take our place
For all eternity
We'll see You as You are
In endless harmony

So the world will see
Who You are, who You will always be
Your majesty
Is knocking down all of the walls between
Humility
for the Church, living in unity
Come let this be

Pope Francis:
"We shouldn't follow the path of division,
nor the paths of conflict among us.
No! We should all be united.
All united despite our differences.
Always united.
That is the true path of Jesus."

Would you fill Your Church with Your blessings?
That Your glory will be revealed
A Church that shines Your glory
Come and make Your Church one
God, make Your Church one
Here today
So Your glory will be revealed
May we shine for You, God
Oh God, we want to be one
Show us how to love
We're crying out to You
Jesus, we want to be one, Lord
